

BUSINESS FAILURES.

There Were Over Fifteen Thousand in 1894

UNITED STATES AND CANADA.

Liabilities in the United States Were \$172,992,856 and in Canada \$17,016,215—A Decrease in the Former and an Increase in the Latter Country, but This Is Not Surprising.

NEW YORK, Jan. 5.—R. G. Dun & Company's weekly review of trade says: Failures for 1894 are fully reported this week, being 13,885 in the United States and 1,856 in the Dominion of Canada. Liabilities in the United States were \$172,992,856 and in Canada \$17,016,215. Neither the decrease of over half in this country, nor the increase of over 40 per cent in Canada is surprising, but the statement shows that most of the decrease in the United States is in manufacturing liabilities, while the entire increase in Canada is in liabilities of trading concerns.

A few states, including New York and Pennsylvania, show more failures than in 1893, and in a few southern states the amount of liabilities is larger, but in the central and western states very much smaller. In 11 of the last 38 years, reported liabilities have been larger than in 1894, though for this year and 1893 the statement is confined to commercial failures, as it was not in former years.

The failures have been 12.5 in every thousand firms doing business; the liabilities have averaged \$132.77 to each firm in trade, and in proportion to the volume of solvent business represented by all clearinghouse exchanges \$2.63 for every \$1,000.

The complete review of different branches of business places in a clear light, the fact that prices of commodities are at the lowest level ever known. Eight years ago in July prices averaged only 73.69 per cent of the prices, or the same articles and in the same markets Jan. 1, 1890, and this remained the lowest point ever touched until Aug. 10, 1893, when the average fell to 72.76, but early this year prices dropped below all previous records and have never recovered, the average Dec. 26 being only 68.73 per cent of the prices in 1890.

The range was very little higher at the end of the year, and about as low Oct. 25. The fall since a year ago has been 5 1/2 per cent, but very unequal in different branches. In iron and steel products 14 per cent, in wool 13.4 per cent, in woollens and cottons about 15 per cent. These changes contrast sharply with the decline of wages paid per hour's work, which average only 1.2 per cent less than a year ago.

The condition of industries has been largely governed by the fall in prices and while production is much greater than a year ago, the aggregate increase being fairly measured by the increase of 8.24 per cent in hours of work done in November, compared with the previous year, it has been the controlling factor in almost every important industry that consumption has not kept pace with the output, and has not sustained prices.

In iron and steel, the lowest prices of the year are at the close and the lowest ever known, the demand calling for less than half the usual quantity of rails, with large decrease in many other branches, though probably the use of structural forms was larger in 1894 than ever before. The woolen industry records a production for the year about a quarter less than usual, and for the last four months 28.47 per cent less than in 1892 in quantity of wool consumed, but in value of product the decrease was of course greater.

The year has been especially noteworthy for the lowest prices of wheat and cotton on record. Both suffer from wholly unprecedented accumulation of stocks, the crops being large. Outside this country wheat production has not increased enough to justify a price of 60 cents at New York, and the accumulation is largely due to false reports of yield, intended to frighten buyers and raise prices. The same influence has been felt in cotton, which is also affected by world-wide depression in business and decrease in consumption of goods. In other produce markets the year has been relatively less important.

BATTLE WITH MOONSHINERS.

In This Case the Revenue Officers Came Out Victorious.

LITTLE ROCK, Jan. 5.—A battle between a posse of revenue officers and a gang of moonshiners occurred in Van Buren county Wednesday. The officers discovered the still hidden in the mountain's gorge in an out of the way place. It was running full blast, five or six men being at work in it.

The posse crept up to within a short distance of it before their presence was discovered. The moonshiners made a fight and for a while bullets flew in every direction. Putnam, the leader of the moonshiners, was shot through the head and fell dead on the ground. His nephew, a boy of 17, tumbled over, mortally wounded. Two moonshiners were captured. None of the posse were injured.

Fatal Encounter.

LIVERMORE, Ky., Jan. 5.—News has just been received here of a fatal encounter yesterday near here between Emmett Halden and Manuel Durall. Halden struck Durall twice with an iron bar and crushed his skull. Halden was arrested and lodged in jail. There is great feeling against him, and a lynch may result.

TROGLDYTES OF GOTHAM.

A Policeman Finds Smoke Coming Up Out of Snow.

NEW YORK, Jan. 5.—A peculiar abode for the metropolis of the country was discovered by Policeman Leggett of the West One Hundredth street station in a vacant lot at Columbus avenue and Ninety-fifth street. While patrolling his beat the officer noticed smoke apparently rising from a pile of snow. Prompted a great deal by curiosity, he approached the place, and his curiosity then turned into amazement. As he began to investigate the mystery there was a sliding sound as if a panel door was slid open, and he heard voices coming from the ground. In a moment a man's head was shoved through an opening and a voice from the hole demanded of Leggett what he wanted.

"What are you doing?" asked the officer, scenting a great "haul."

The head disappeared and the voice was heard to say: "Cheese it, Jim; here's a copper."

The officer crawled through the hole and gazed in astonishment about him. He was in a cave about 17 feet long by nine feet wide and six feet high. There was a small table, an improvised stove, a lighted candle, shelves, a chest and even a clock on the walls. The place was, in fact, a warm and cozy sleeping apartment. The beds were raised mounds of earth covered with straw. The men were playing cards when the officer interrupted them. They were arrested, and in the Harlem police court, when charged with disorderly conduct, gave the names of John Smith and James Anderson. They were discharged by Justice Welde with the advice that they give up their underground apartment.

Laundry Safe Robbed.

KANSAS CITY, Jan. 5.—Two men entered Munger's laundry at Twelfth and Lydia streets at 10 o'clock last night, and while one of them went to the rear of the store with Bookkeeper Oscar B. Shaw to hunt for a supposed package, the other man robbed the safe of \$100, all it contained. When Shaw and the first man returned to the front of the store the two robbers immediately left. Shaw soon discovered the loss, but the robbers had made good their escape. Shaw had been posting up his books when the men entered, and was the only person in the building.

Congressman Resigns.

WASHINGTON, Jan. 5.—Representative Paynter of Kentucky, who was last fall elected a member of the court of appeals of that state, has notified Speaker Crisp that he had forwarded to the governor the resignation of his seat in congress, to take effect Dec. 5. The Ninth Kentucky district will be without a representative the rest of the term, as the governor would have to give 30 days notice to hold a special election. Mr. Paynter's successor, Mr. Pugh, who will take his seat in the Fifty-fourth congress, is a Republican.

Miners' Meeting.

PITTSBURG, Jan. 5.—The regular district convention of the United Mine Workers will be held in this city next Tuesday when it is likely that the miners will take some action on the big cut in wages. More notices of reductions have been posted at various mines throughout the district, and it is not probable that the miners will submit. Fears of another continued strike are entertained and many people are interested in the outcome of the convention. A long strike would seriously interfere with all branches of industry.

Crank Swindle in Duress.

ZANESVILLE, O., Jan. 5.—An affidavit of lunacy has been filed here against Eugene L. Swingle, the crank who went to Washington to patent a flying machine and who had a vision in which he was commissioned to kill two of the patent office employees. A relative has gone to Washington to bring Mr. Swingle back to this city. He is sane enough on all subjects but that of his patent. He was warned by relatives before going to Washington that he would be arrested.

Furniture Exposition.

MINNEAPOLIS, Jan. 5.—Great preparations are being made for the furniture exposition, which will open on Monday evening, under the auspices of the Northwestern Furniture Manufacturers association. Many furniture manufacturers and dealers from all parts of the northwest are expected to attend, and on the opening night a reception will be held, to which the general public will be invited to inspect the latest styles and designs of the fine household furniture.

Body Found in the River.

LITTLE ROCK, Jan. 5.—The body of Philip Weinburg was found in the river here yesterday. Weinburg, who was a native of Poland, was a very eccentric character, and by his neighbors was believed to be very rich. He came from Iowa 15 years ago, and settled on a farm near this city. He lived a hermit life. He carried a large life insurance. He is said to have a son living somewhere in America.

Both Companies Blamed.

TOLEDO, Jan. 5.—A Clover Leaf freight train, running into the city crashed into a motecar on the Toledo electric street railway at South street crossing last night. Mrs. Agnes O'Hara was probably fatally hurt. The only other occupant of the car escaped uninjured. Both the street railway people and the railway company are blamed for the accident.

Crown Prince of Siam Dead.

BANGKOK, Jan. 5.—The Crown Prince of Siam, Somdet Chulalongkorn Rajavidyalok, died at 8:30 o'clock last night from uraemic fever. He was born Jan. 27, 1878, and was designated as crown prince in January, 1887.

APPEAL FOR RELIEF

More American Consulates Needed in Turkey.

OUR ISOLATION AND DANGER.

Why Five Thousand Men, Women and Children Have Been Massacred and the Fact Kept Secret Nearly Three Months. Argument by Rev. Frederick D. Green of the City of Van, Turkey.

WASHINGTON, Jan. 5.—Senator Hall has presented to the senate an argument by Rev. Frederick D. Green of the city of Van, in eastern Turkey, for the location of American consulates in the cities of Erzeroum and Harpoot. Mr. Green says that in Asiatic Turkey alone there are 250 Armenian missionaries who hold over \$2,000,000 worth of property, who are exposed equally to the lawlessness of highwaymen, Moslem fanaticism and to the hostility of the Turkish officials.

He says that many indignities and injuries have been inflicted which have never been reported because of the absence of an American representative to substantiate the stories and vindicate the rights of Americans.

"We are," he says, "from 700 to 1,000 miles from Constantinople, which means a journey of three to six weeks. The fact that 5,000 men, women and children in our midst have been massacred and the fact kept nearly three months from the civilized world, is a significant hint as to our isolation and danger."

Zekki Pasha Responsible.

LONDON, Jan. 5.—A dispatch to The Standard from Athens says that it has transpired that Zekki Pasha, who was in command of the troops who committed the atrocities upon the Armenians, was for several years president of the military court at Yanni, and that he instigated a massacre of Christians there. He is execrated by the populace.

HANGED TO A MULBERRY TREE.

How a North Carolina Murderer Met His Death.

RALEIGH, Jan. 5.—Full particulars have reached here of the lynching of John F. Bergeron, a white man, in Beaufort county, by disguised men. Christmas eve Bergeron shot and killed a man named Watson. He was arrested Christmas day, and at that time lynching was feared. He was ordered to be sent to jail, but the deputies learned that a large mob was on the road and it was decided to take Bergeron by steamer.

While Bergeron was under guard at a store at Idalia, a mob rushed in heavily armed, and seized Bergeron and his four guards and marched them all half a mile away to a field in which stands a large mulberry tree. When the rope was placed around Bergeron's neck he said: "Men, I know I killed Watson, but I did not know what I was doing." He was lifted up by the lynchers, then dropped. Orders were then given and the mob fired at the body. None of the lynchers are identified.

BANK ROBBERED.

Two Darling Men Make a Haul but Are Captured.

ONTARIO, Cal., Jan. 5.—The Ontario State bank was robbed yesterday by two men. Cashier Fred Stamm was alone. A revolver was put under his nose by one of the men, while the other man jumped behind the counter, clubbed Stamm with a revolver butt, forced him into the vault and locked him in. R. P. Sibley of the Ontario quarry came in the bank and was ordered to hold up his hands. He was then elbowed until he was insensible. About \$5,000 was taken.

As soon as Sibley was conscious he gave the alarm. The robbers drove away in a buggy to Spadra, where they boarded a train for Los Angeles. Officers were notified, and they intercepted them a few miles from town. The men were arrested, and proved to be Frank Conway and J. Steadman, notorious eastern crooks. Only a small amount of money was found on them, and it is believed they buried the plunder before reaching Spadra.

Lighted Match in a Show Window.

HAVERHILL, Mass., Jan. 5.—A lighted match was accidentally dropped in one of the show windows of George O. Wiley & Company's dry goods store yesterday. In a few minutes the two adjoining windows were a mass of flames, and a loud explosion, which carried some of the goods across the street, followed. The 30 clerks in the store escaped with difficulty. The flames gutted the dry goods store and also the jewelry store of G. H. Russey on the floor above. The total loss is estimated at \$55,000, partially insured.

Asphyxiated.

WASHINGTON, Jan. 5.—John Marshall of Virginia, a close kinsman of the late Justice Marshall of the United States supreme court, was found dead in his apartments near the city hall yesterday. Asphyxiation was the cause of the death. Marshall was a former resident of Detroit and had lived in Washington less than a year.

Extent of the Explosion.

WASHINGTON, Jan. 5.—The secretary of war has written a letter to congress recommending the appropriation of \$15,774 to pay the damage done by the explosion of an ammunition chest in the streets of Chicago last July. This estimate of damage was made by a board appointed from the army to inquire into the matter.

FIT OF JEALOUS RAGE.

Bloody Tragedy Enacted at Savannah, Ga., by a Negro.

SAVANNAH, Jan. 5.—In a fit of jealous rage yesterday afternoon, George Jordan, a negro who has borne an excellent reputation, shot and killed his 10-year-old son, shot his wife in the forehead and through the neck, shot his 3-year-old daughter in the chin and back of the head, and then shot himself twice in the breast.

On the way to the hospital he begged for poison that he might be relieved of his pain. His wounds are fatal, and it is believed that his wife will die. The little girl has a chance to recover, but it is probable the entire family of four will be wiped out as a result of the day's work on the part of the father. Jordan's wife says her husband left her two weeks ago. Christmas he attempted to shoot her. Wednesday she swore out a peace warrant.

Yesterday afternoon he came to the house, drove some women visiting her into the street, and, drawing his revolver, shot her. She ran into the street and turned in time to see her son fall dead off the stoop with a bullet through the head. A moment later the little girl fell out of the doorway with two bullets in her. The man then lay down and shot himself. He was sober. The only explanation he gives is that he wanted to die, and thought it best to take his family with him.

HORSETHIEVES HANGED.

A Vigilant Committee in Oklahoma Takes the Law in Its Own Hands.

WICHITA, Kan., Jan. 5.—News has just been received here from Kingfisher, O. T., of a wholesale hanging of horse-thieves in the Cheyenne and Arapahoe country. The settlers down there have, ever since the opening, been the victims of marauding bands of horse and cattle thieves, and finding the authorities too slow in bringing offenders to justice, several vigilance committees were organized in different parts of the country, to take the law in their own hands.

The vigilants a few days ago started on the trail of one band, followed it into the Panhandle of Texas, back into the Cheyenne country, overtaking it near Canonconment. Here a battle followed, resulting in the wounding of George Gaskell and Simeon Campbell, two of the vigilants, and the capture of three of the thieves. The latter were hanged without delay. Their bodies were shot to pieces and left hanging as a warning to their kin.

Democratic Caucus Called.

WASHINGTON, Jan. 5.—Representative W. S. Holman, chairman of the Democratic caucus committee of the house, has issued a call for a Democratic caucus to be held at 3 p. m., on Monday next, Jan. 7. The call states that important measures will be considered. It was issued after a conference between Mr. Holman, Mr. Springer and Speaker Crisp. The principal subject to be considered is the currency bill. The question of a bond issue will also be considered.

Two Children Suffocated.

NEW YORK, Jan. 5.—Two young children of Michael and Mary Berbrick, were suffocated to death yesterday in a fire which broke out in the room occupied by the family in a tenement house at 434 East Sixty-seventh street. The mother had left the children while she went out upon an errand. When she returned the room was filled with smoke and the children were dead.

Charged With Embezzlement.

JACKSONVILLE, Fla., Jan. 5.—J. W. Bryan, a young man of good family, well known and prominent in Leesburg, Fla., was arrested here yesterday at the request of authorities of Lake Charles, La., charged with embezzling \$271 of the funds of the Kansas City, Walkins and Gulf railroad, for which road he had acted as agent at that place.

No Headway Made.

HAVERHILL, Mass., Jan. 5.—Very little headway has been made toward bringing the strike of shoe operatives to an end. Both sides continue firm in their positions, and apparently the only hope of a speedy settlement lies in the intervention of the state board of arbitration, and the news that the board had decided to come here is hailed with joy.

Bad Man Arrested.

KISSIMMEE, Fla., Jan. 5.—City Marshal McPhatter arrested the notorious Emanuel Williams of Denmark, S. C., wanted for murder in South Carolina and train robberies in Alabama and Texas. When told that Marshal Weeks of Denmark, S. C., was coming for him he admitted he was the man wanted.

Must Not Join the Chinese Army.

LONDON, Jan. 5.—A Berlin dispatch to The Standard says that The Post declares that the war office will not grant furloughs to German soldiers who desire to enter the Chinese service and will do its utmost to prevent them from entering that service under any circumstances.

J. S. Coxey in Philadelphia.

PHILADELPHIA, Jan. 5.—J. S. Coxey, the Populist leader and commonwealer, has taken up his residence in this city for the winter, having rented a house at 1213 Girard avenue. He proposes to educate his children here and agitate his noninterest bearing bond scheme.

Dragged From the River Bottom.

DETROIT, Jan. 5.—The body of John McKeown, a Detroit real estate dealer, was dragged from the river bottom yesterday afternoon. It bore no marks of violence. When last seen a week ago McKeown was en route homeward after a convivial evening.

TARIFF WAR EXTENDS

The Sugar Schedule Seems Very Objectionable.

A PROTEST FROM AUSTRIA.

That Country Takes Similar Action to Germany—It Now Looks as if a Retaliation Is Absolutely Necessary Unless Congress at Once Relieves the Pressure Subject For Consideration by the Cabinet.

WASHINGTON, Jan. 5.—The tariff war between the United States and Europe reached an acute phase yesterday. As foreshadowed in the Associated Press dispatches last week the very first official act of Mr. Henglemuller, the new Austrian minister, was the lodgment of a protest against that paragraph for a sugar schedule act, which imposes an additional duty of one-tenth of 1 per cent on sugar coming to the United States from countries which pay an export bounty on it.

This action was taken yesterday, and the ground taken by the minister was similar to that which formed the basis of the protest of Germany—that the additional duty paid discriminates against Austria, and is consequently a violation of the treaty of commerce with that nation. So far no threat of retaliation accompanied the protest, but in this Mr. Henglemuller is but following the example set by the German minister, and the next step will undoubtedly be in the same direction, namely: The imposition of some restriction upon an American product that is imported in quantities into Austria.

The four great sources of our sugar supply, outside of the small proportion contributed by Louisiana, are Cuba, Germany, France and Austria. With three of these countries we are already at odds over the sugar duty, and in the case of France there are already indications of the adoption of a retaliatory policy in the imposition of restrictions upon our meat trade and the importation of American wheat and flour.

This whole subject was under discussion by the cabinet yesterday and as far as can be gathered the outcome was that if congress fails to come to the relief of the executive by the removal of the duty which is supposed to cause the trouble, then resort must be had to retaliation, which will either open European countries to our exports or close our own ports to all European products.

DEBS' INDICTMENTS.

Some of Them Have Been Nollied by Judge Grossep.

CHICAGO, Jan. 5.—The motion to quash the indictments for conspiracy against Eugene V. Debs and the other directors of the American Railway union, besides 60 others, who are accused with stopping the mails and interfering with interstate commerce, came up before Judge Grossep in the United States court yesterday.

There are 20 indictments in all. Judge Grossep told the lawyers they could have but one day for argument of the legal points involved and that they must therefore make an election of what indictments to argue the case on.

The omnibus indictment, which includes all the defendants, which is for interfering with the mails only, and another indictment covering the crippling of interstate commerce were chosen.

On motion of Special Counsel Milchrist, the indictments against the following were nollied: Pat H. Horace, Harry Hart, M. E. McGleann, W. J. McAdee, Arthur Moore, Edward O'Neill, H. J. Hollihan, William Rae and Frederick Staley. Attorney T. A. Harper, in opening for the defendants, claimed that all the indictments should be quashed because the word "feloniously" did not appear in any of them; also because it had been held by Justice Harlan and others that men had a right to combine or conspire to strike. He also thought the indictments not specific enough.

Mr. Milchrist spoke for the government.

The only defendant present was Director William Burns. Debs is out on a lecture tour.

IMBECILE ASYLUM BURNED.

Fortunately All the Inmates Escape Without Injury.

COLUMBUS, O., Jan. 5.—The south wing of the main building at the state asylum for imbeciles caught fire yesterday evening and was totally destroyed. The inmates and children were all at supper at the time in another portion of the structure and none were injured. The city fire department responded, but as they had a distance of three miles to go the wing of the building was nearly consumed by the time of their arrival. The department, however, prevented the fire spreading to other sections of the building.

The loss will be about \$30,000. Origin not known, though it is supposed to have been the work of a careless inmate. The question of rebuilding at once will be considered by the state emergency board.

DUBOIS, Pa., Jan. 5.—All the miners at this place and Reynoldsville struck yesterday on account of the wholesale discharges this week. Several weeks ago their wages were reduced, and this week about 400 were discharged. The companies claim that the mines are overcrowded, while the men aver that it is a blow at their organization. Three thousand men are idle, and if the strike continues long in midwinter there will be great destitution. Work has been poor, and at low wages. The miners have been barely able to keep their families while working.

Fair; warmer weather in northwest portion; variable winds, becoming southerly.

AND now Colonel Berry, of Newport, is thinking of running for Governor. What a field the Democrats will have to choose from if all the gentlemen who have been spoken of as candidates should go before the convention!

ASHLAND expended only \$1,662.45 on her streets the past six months. Wonder what kind of streets they have up that way? Perhaps there is so little hauling over her streets, however, that they would never wear out.

THE Carlisle Mercury started in on its thirtieth year this week. It has a most enviable record as an excellent newspaper and able advocate of Democratic doctrines, and here's hoping it will continue to prosper and will see many, many more years of usefulness.

THE news from Washington is that President Cleveland and Senator Hill have buried the hatchet, and "smoked the pipe of peace" Thursday night, when the Senator was one of the honored guests at a big Cabinet dinner. In this they have set a good example for the warring Democrats throughout the land. It's time for all good Democrats to "get together."

THE Fiscal Court of Fayette County bought three more of the turnpikes of that county this week, which gives the county 200 miles of free road, and an entrance to Lexington from all sides. The Fayette County Justices mean business and are determined to have free pikes. They have gone at the matter in the right way and have set an example for other counties. Let Mason County fall in line for free pikes.

PORTSMOUTH's finances are reported in very bad condition, the general street, light and street improvement funds being overdrawn in sums ranging from \$200 to \$2,000. The levy for the street fund was exhausted three months after it was made, and citizens of Portsmouth are treated to the spectacle of men holding city orders being compelled to discount them. And all this in a city controlled by Republicans. To hear Br'er Davis talk, one would conclude Republicans never bring about such a condition of affairs.

FROM the action of Judge Buchwalter of Cincinnati, on the requisition of Kentucky's Governor for a criminal, a person who didn't know any better would conclude that the Queen City had never been the scene of a mob. The Judge wants assurances from Governor Brown that the alleged criminal will be protected. The Cincinnati courts "protected" the murderers so well some years ago that the infuriated citizens turned out one night and burned the temple of "justice." Judge Buchwalter has evidently forgotten all about this little occurrence.

THE Morning Journal, of New York, regards Mr. Buchwalter, of Cincinnati, as "an impudent Judge," and takes a center shot at him in the following pointed language: "Judge Buchwalter refused to surrender to the authorities of Kentucky a fugitive from justice until he had assurance that the man will be protected from any mob. This is a queer position for a Judge in one State to take with regard to the administration of justice in another State. By what right does a Judge in Ohio thus sit in judgment upon another State? How can a State guarantee at any time that there will not be a mob? Can the State of Ohio do it?"

DR. HAROVER.

Dr. Harover is an able physician and a skillful surgeon who is making a reputation in our city worthy of imitation.

A PICTURESQUE MASQUERADE.

Miss Elizabeth Bland, of Washington, Entertains—A Pleasant Evening With a Pastor.

One of the enjoyable events of the holidays occurred on Tuesday evening when Miss Elizabeth Bland entertained a number of her friends at her hospitable home in Washington.

On this happy occasion there were about thirty present, all neatly and so successfully masked and disguised as to defy recognition even by their nearest friends. After enjoying themselves in their masks for sometime they were invited to the dining room where they unmasked, and many were the "I thought you were so and so." But the smile of surprise soon gave way to one of satisfaction, showing that all were ready to do justice to the delicious repast which awaited them.

The remainder of the evening was spent with games, and many engaged in tripping the light fantastic toe, till the wee small hours.

Miss Bland is a charming hostess and bears an enviable reputation for entertaining. Following is a list of those present and the characters they impersonated: Misses Mayme Key, "Sister of Charity;" Edna Hunter, "Martha Washington;" Flora Hunter, "Tambourine Girl;" Nannie Metcalfe, "Popcorn Maiden;" Frances Gault, "Old Lady;" Elizabeth Key, "Frost;" Ida Allison, "Music;" Jessie and Bessie Allison, "Girls in Blue;" Messrs. Robert Downing, "Sambo;" George Allen, "Dinah;" John Laytham, "Grandma;" Elmer Downing, "Monk;" Bland Kirk, "Clown;" James Adair, "Pretty Man;" B. C. Bland, "Humpty Dumpty;" John Coburn, "Jap;" Harry Lee, "Calico Charley;" Holton Key, "Clown;" John Hunter, "Uncle Sam."

Those unmasked were Miss Elizabeth Bland who looked lovely in a black silk, red satin and jet trimmings, and Messrs. Clarence Tucker and Ed. Metcalfe.

A PLEASANT EVENING.

The Young People's Missionary Society was royally entertained by Rev. and Mrs. W. T. Spears at their lovely home in Washington one evening during the holidays.

A handsome Bible was awarded to the one who had contributed the most to the good cause.

The house was brilliantly lighted and beautifully decorated with holly and mistletoe. At 10 o'clock delicious refreshments were served, and the remainder of the evening was spent with games. Mrs. Spears entertains charmingly, and this was an occasion long to be remembered by all present. The guests were Misses Phoebe Hickman Forman, Mayme Gaines, Mayme Key, Edna Hunter, Ida Knight, Elizabeth Bland, Elizabeth Peyton Key, Flora Hunter, Jessie Allison, Nannie Metcalfe, Alice Forman, Bessie Allison, Messrs. Bland, Kirk, Elmer Downing, George Allen, Holton Key, John Coburn, Harry Lee, John Hunter, Robert Downing, John Laytham, Ned Hayden and Thomas Ham.

The Old Man Shot Him.

Near Oak Woods, Fleming County, Andrew Vaughn, aged 73, shot and instantly killed Wm. English, aged 34. Both are married and have families. English owed Vaughn for 10 bushels of corn, and while out hunting Thursday Vaughn came across English, who was chopping wood, and asked him to pay the debt. English replied with an oath and ran toward Vaughn with an ax, but when 15 feet away Vaughn discharged his gun, the load entering the breast of English, killing him instantly. Mr. Vaughn gave himself up.

The third act of the play is a dramatization of Mrs. Frances Hodgson Burnett's story of "Editha's Burglar," and has for its center of interest a precocious and quaint little girl. A VERY handsome portrait of the late William S. Samuel is on exhibition in the show window at the Red Corner, and it is one of the most difficult pieces of work yet executed by the Watter's party of artists. Some years ago Mr. Samuel, composing one of a hunting party at Hot Springs, was photographed with the group. He wore a broad-brimmed hat and overcoat and was mounted. Previously he had had a picture taken with the hat off, but the face was not a good one, while that in the group was. How to combine the pictures was the question with his brother Dr. Samuel, and he submitted the matter to Mr. Watters. The result is a most perfect and satisfactory likeness—the face from the group, a dress coat taking the place of the overcoat, with the head and hair from the previous photograph substituted for the hat. Dr. Samuel is highly pleased with the portrait and the Watters party have scored an artistic success.

SENATE AND HOUSE.

The Hawaiian Question Brought Up and Fully Discussed.

WASHINGTON, Jan. 5.—The Hawaiian question was again brought before the public in the senate by the discussion of the resolution introduced by Mr. Lodge of Massachusetts calling on the secretary of the navy for information as to why the United States battleships had been withdrawn from Hawaiian waters. The debate, which was interesting throughout, consumed the greater part of the morning hour, and at its close the resolution took its place on the calendar and now can be taken up only by unanimous consent. The debate was listened to attentively by senators and the visitors in the galleries.

Mr. Morgan concluded his speech on the Nicaraguan canal bill after which the bill making appropriations for the support of the military academy for the fiscal year 1896 was passed. It carries an appropriation of \$420,000, a reduction of \$41,000 as passed by the house. The senate then, after a brief executive session, adjourned until Monday.

The general debate on the currency bill, which consumed the time of the house again yesterday, will continue until the caucus is held. Then if the present plans of the advocates of the bill are endorsed, the debate will go on under the five minute rule until Thursday of next week, when the final vote will be taken.

The features of the day's debate was the speech made in opposition to the measure by Representative Hendrix, the New York banker. He declared that the bill would be inadequate as a measure of relief for the treasury, and besides, would provide an unsound currency. He suggested as the only measure of relief the passage of a bill to fund the greenbacks. The other speakers were Messrs. Hepburn of Iowa, Dingley of Maine and Gresham of Texas.

Cotton Cargo on Fire.

CHARLESTON, Jan. 5.—Fire was discovered yesterday in the hold of the steamship Laumermoore, of 1,900 tons burden, Captain Seraph, loading cotton for Bremen. The lower tier of cotton bales was found considerably burned. The cotton is fully covered by insurance. Shippers of the cargo, amounting to 9,000 bales, were Adams & Company, Knapp, Fredericks & Company, G. H. McFadden & Brothers and parties in Savannah, Augusta and Atlanta.

The building was torn to pieces and the bodies of the victims were blown 50 yards from the wreck in all directions. Yinski will die.

Joyous throbbing life

offered to the chronic invalid would be regarded with distrust! Long suffering leaves the patient hopeless—he believes no more in any cure. Would that such hopeless ones could read the testimonials of

Brown's Iron Bitters

They point a way to relief and health, and they are genuine!

SWEET WATER, TEXAS.
For twelve long years I was a great sufferer from kidney and other troubles, and at times was confined to my bed. I tried a number of medicines recommended by sympathizing friends and prescribed by physicians without receiving the least benefit. Then I gave Brown's Iron Bitters a trial, and two bottles brought me off my back. Today I am well and hearty. W. T. Cook.

TEN BROOK, TENN.
After being under the care of a physician for eight years, I commenced taking Brown's Iron Bitters with the result that I am entirely cured. It is the best remedy I have ever taken, and I certainly wish that every woman suffering as I did could know its value.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
